## About Us

•**H.K.Enterprise** takes great pride in crafting quality metal fabrications and weldments. Using the latest state-of-the-art equipment and time-tested techniques, we've been committed to customer satisfaction for 20 years through:

•**Responsiveness:** We don't over promise, we over deliver.

•**Flexibility:** Collaborative and lean, we find the right process for the right price.

•**Processes:** We use state of the art metal fabrication technology along with time-tested, old-school fabrication methods and techniques.

•**Experience:** Our fabricators are truly seasoned craftsmen, and our design for manufacturing capabilities are unparalleled.

•**Quality:** Built on a culture of continuous improvement, investments in new technology and certified welders help us create 100% defect-free fabrications.

## About Us

- Business operations started in the year 2005
- **H K Enterprise** take responsibility of the whole fabrication contract which may include all related steel structures including skids, frames, welded structures and walkways, casings, cabinets, housings and platforms.
- We can take complete turnkey enquiries from clients including design, drawings, manufacturing specifications, certifications required and preferences. We monitors and manages the fabrication process and provides status reports and assistance during client visits to its works.
- Manufacturing facility spread over 2500 Sq. Ft. Comprises of state-of-the-art manufacturing
- **We are also taking turnkey civil project**

## Haresh Oza- Mechanical Engineer

### Founder

He has 25 plus years of relentless work experience in engineering products, Offering engineering, Manufacturing, Quality Control for Industrial Machinery like Heat Exchangers, Pressure Vessels, Columns, Reactors, Skid, piping, Power Plant Equipments, Process plant etc., as per Indian and foreign manufacturing standards. In addition, he procures a great command over team handling, team supervision, mastering interpersonal relationships, and training and development.

- Project management competencies
- Budget planning and management
- Resource planning and management
- Project planning and management
- Risk planning and management
- Operational competencies
- Proven experience exercising independent judgment and making critical business decisions effectively
- Gained customer confidence and respect by building a strong engineering team.

## Staff Strength

Executive Engineers

06 Nos.

Fabricators

10 Nos.

IBR Qualified Welders

02 Nos.

Welders

40 Nos.

Fitters

16 Nos.

Grinders

15 Nos.

Gas Cutters

05 Nos.

Riggers/Helpers

50 Nos.

**Total- 140 +**

## Facilities

Machine/Item Description	Capacity	Qty.
Welding M/C ( SMAW,GTAW)	400 Amps	25 Nos.
Grinding Machine	AG-7	20 Nos.
Grinding Machine	AG-5	05 Nos.
Bench Grinding Machine	3/4 Inch	01 Nos.
Gas Cutting Set	.....	10 Nos.
Profile Cutter	.....	05 Nos.
Hacksaw Machine	.....	01 Nos.
Bending Machine	Handpress	01 Nos.
Electric Crain	10 Ton	01 Nos.
Chain Pulley Blocks	5 Ton	20 Nos.

## Facilities

Hydraulic Jack	50 Ton	03 Nos.
Mother Oven	.....	01 Nos.
Portable Oven	.....	30 Nos.
Lathe Machine	.....	01 Nos.
Pillar Drill machine	.....	01 Nos.
Magnetic Drill Machine	.....	02 Nos.
Hydro Testing Pump	.....	01 Nos.
Heavy crane up to 30 mtr. (on demand)	.....	01 Nos.
Escort – Hydra	.....	01 Nos.
Vehicle - Mahindra - Camper	.....	01 Nos.

Experience/ Reference

## Fabrication Work

We executed following types of fabrication jobs for plant with the help of our experienced team.

- Fabrication and erection of piping up to 98" dia. ( underground and up to 50 mtr Height) with pressure range +125 kg/cm<sup>2</sup> to full Vacuum (760 mm of hg).
- Fabrication and erection of ducting of any size ( up to 2500mm) from MS, GI, SS and AL material.
- Fabrication and erection of structure for process plants, Engineering workshop, sheds and storage yard etc.
- Fabrication and erection of tanks, Vessels up to 350 MT.

## Workshop Fabrication and Engineering Job

We have associated facility to undertake the job of any kind of Piping, Skid or equipment.

- Manufacturing of vessels, Reactor, Column, Tank from CS, SS or any other material grade.
- Complete manufacturing and supply of Heat Exchanger, Re-tubing of Heat Exchanger
- Fabrication, supply and assembly of Skid mounted System including Piping, Valve, Strainer, Instruments, Pump Motor, Panel etc..
- Fabrication of power transformers tanks.
- Heavy fixture for insulators.
- Hydraulic jacks and power pack.
- Industrial gates. (Sliding gates, Canti-lever sliding gates)
